

5 STEPS TO USE THE DEBT SNOWBALL METHOD

1

List Out Your Debts

Create a list of your debts and order the debts from smallest to largest.

2

Make Minimum Payments On All Your Debts

Continue to pay minimum payments on all your debts.

3

Throw Extra Money Toward Your Smallest Debt

Pay as much money as you can on your smallest debt until it's gone.

4

Repeat With The Next Smallest Debt

Add what you were paying on the smallest debt to the next one until it's gone too.

5

Continue The Process Until All Debts Are Paid Off

Repeat until each debt is paid in full and you're completely debt free!
