

# DATE NIGHT

## LOVE NOTES – FROM HER TO HIM

### GET READY

Words of affirmation are a common love language for men. This date is an opportunity for you to speak his language and build him up!

### GRAB A PEN AND PAPER

Not just any old piece of paper...be intentional and make it special!

### START WRITING

- **GREET** - Start the letter by using a pet name or term of endearment that only the two of you know.
- **LOVE** - Tell him how long you've loved him, what made you fall in love with him and what it's like to love him every day.
- **REMEMBER** - Tell a story from when you first met or something that recently happened that made you fall in love with him again.
- **EXPRESS** - Let him know how he's made your life better and how you can't imagine him not being in it.
- **CLOSE** - Finish with a quote from a favorite book or movie, something that has meaning for both of you.
- **SEAL** - Be sure to put your letter in an envelope and seal it so it's for his eyes only!
- **SURPRISE HIM** - put it on his pillow to find before bed that night.

### GROUND RULES

- No computers! We are talking an old school, handwritten love letter here!
- Keep it to one page and use your best print or cursive – take your time.
- Keep it positive.

### SPICE IT UP

- Set the mood before you go to bed- light some candles, have some background music.
- Have him read his note out loud while you listen.
- The rest is up to you...have fun!
