

# We've Got You Covered!

We want your experience as a Group Leader to be amazing. It is a part of your discipleship and connection journey. As a leader, you have a support team who are here to guide, care, and coach as you develop as a leader and to assist if a group member has questions that require additional resources. When you serve as a Group Leader, you foster an environment for God to work in the lives of people. Your role is a vital part of the care and growth of people who call Christ Fellowship home.

All who are a part of the Groups and Classes team serve under the cover and care of Christ Fellowship spiritual leaders who provide guidance and protection as we serve:

## Groups & Classes Ministry Leadership Covering

Senior Pastors Todd & Julie Mullins

Campus Pastors

Groups & Classes Staff

Group or Class Coaches

Group or Class Leaders

Group or Class Members

Your **Group or Class Members** may look to you as a **Group Leader** to gain clarity from weekend messages or announcements, and they will see you as their closest connection to church leadership. We encourage you to stay informed through church emails and updates on the church website.

**Group/Class Coaches** will connect with you regularly to mentor, encourage, and pray for you and your group members. Serving as a Group Leader puts you on the front line of ministry. Keeping a close relationship with your Group Coach and asking questions will help you grow as a leader. Maintaining contact with your Coach can usually prevent unnecessary stressors from occurring in your group such as conflict, unhealthy behaviors, and/or real safety concerns. Any time there is a question relating to the physical, emotional, or mental health of a group member, contact your Group Coach.

**Campus Groups & Classes Staff** are Christ Fellowship staff members who are praying for you and committed to support you and invest in your leadership. They will provide training and resources to equip and empower you as a leader. In the event that a group member has a need that is beyond the span of care that a Study or Activity Group can provide, you have support from our Freedom and Care team (DivorceCare, GriefShare, Celebrate Recovery or Cancer Support). These ministries can provide a needed rest stop for a group member's journey to the full life that God has promised. **Freedom & Care**. Your Coach or campus Groups & Classes staff member will be your first point of contact in connecting a group member to these resources.

**Campus Pastor** - Your Campus Pastor works closely with our Central Groups & Classes Staff and our **Senior Pastors** to provide vision and oversight and support for groups and classes at your campus.
