

Email to be sent AFTER Session 1:

Hey, everyone!

It was a pleasure getting to know each of you better during Session One of our *Don't Let Doubt Take You Out Study*. I'm so excited about what God is going to do in our group in the weeks to come.

Don't forget to dive into the "Work Out The Doubt" homework before we meet again (pages 10-13).

During our next session, we will be talking about self-doubt, which is a universal struggle. I believe God is going to speak to us, not only through the video teaching but also through each other! So, show up ready to speak up!

Thank you for committing to this small group. Your story and your voice matter.
